Specific Use:

Aircraft

End Application:

F22 aircraft

Application Method:

Brushing as packaged

Quantity Within Each Unit Package:

10.0 milliliters

Content Within Each Unit Package:

24 pens each containing 10c (10 milliliters) of epoxy primer, aqua green

Pigment Material Type:

Polyamide and epoxy

Vehicle Material Type:

Polyamide and epoxy

Rated Drying Time:

Between 2.0 hours and 8.0 hours

Product Name:

Primer coatings: epoxy, high-solids; non-chrome epoxy polyamide primer

Volatile Organic Compound In Grams Per Liter:

340.0

Color:

Green, aqua

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09700
