Physical Form:
Solid
Quantity Within Each Unit Package:
50.000 pounds
Specific Usage Design:
For sealing joints and cracks in portland cement and tar concrete pavements
Rated Drying Time:
30.000 minutes
Special Features:
Hot applied; jet fuel resistant
Color:
Black
Material:
Plastic polyvinyl chloride
Supplementary Features:
50 pound container
Specification Or Standard:
1 type and 2 class
Shelf Life:
N/a
Unit Of Measure:
<del></del>
Demilitarization:
No
Fiig:
A536d0
