**Physical Form:**

Liquid

**Quantity Within Each Unit Package:**

1.000 gallons

**Specific Usage Design:**

Use as a faying surface sealing compound in integral fuel tanks and pressurized cabins

**Rated Working Time:**

24 hours

**Features Provided:**

Separate catalyst

**Rated Drying Time:**

10.000 days

**Color:**

Green

**Material:**

Resin synthetic

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A536d0
