Physical Form:
Liquid
Quantity Within Each Unit Package:
1.000 gallons
Specific Usage Design:
For potting and encapsulating electrical and electronic assemblies and making cast in place gaskets and molds
Features Provided:
Separate catalyst
Special Features:
1 hour working time
Color:
Pink
Material:
Silicone
Supplementary Features:
1 gallon kit
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A536d0
