Corrosion Preventive Compound - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/8030-00-905-8075>

Application Type:

Cold or hot

Quantity Within Each Unit Package:

8.000 ounces

Melting Point Temperature Rating:

329.0 degrees celsius

Features Provided:

Petrolatum base

Special Features:

For preventing oxide formation on electrical wires and wiring connections

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535w0
