Corrosion Preventive Compound - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/8030-00-905-8075>

**Application Type:**

Cold or hot

**Quantity Within Each Unit Package:**

8.000 ounces

**Melting Point Temperature Rating:**

329.0 degrees celsius

**Features Provided:**

Petrolatum base

**Special Features:**

For preventing oxide formation on electrical wires and wiring connections

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A535w0
