Physical Form:
Liquid
Quantity Within Each Unit Package:
1.000 gallons
Specific Usage Design:
For lining hot water condensate receiver tanks
Special Features:
Resistant to acids, solvents and hot water
Color:
Green
Material:
Plastic epoxy and plastic phenolic
Supplementary Features:
1 gallon can
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiia:

A536d0
