Physical Form:

Tape

Quantity Within Each Unit Package:

30.000 feet

Specific Usage Design:

For bonding to metals, wood, glass and plastics

Environmental Attribute Code:

Low volatile organic compound - household consumer products

Special Features:

1/2 in. Tape width; non-hardening; accommodates extensive movement; 1/8 in. Tape thickness; polyisobutylene

Color:

Black

Material:

Rubber synthetic

Supplementary Features:

30 foot roll

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A536d0
