**Physical Form:**

Liquid

**Quantity Within Each Unit Package:**

1.000 gallons

**Specific Usage Design:**

For aerodynamic smoothing applications on exterior aircraft surfaces

**Features Provided:**

Separate catalyst

**Special Features:**

Self-leveling; jet fuel resistant; room temperature curing

**Color:**

Silver

**Material:**

Plastic polyurethane

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A536d0
