**Physical Form:**

Liquid

**Quantity Within Each Unit Package:**

3.5 fl oz in 6 oz container cartridge

**Specific Usage Design:**

Use as a faying surface sealing compound in integral fuel tanks and pressurized cabins

**Rated Working Time:**

12 hours

**Features Provided:**

Separate catalyst

**Rated Drying Time:**

8.000 days

**Color:**

Yellow

**Material:**

Resin synthetic

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A536d0
