Physical Form:

Liquid

Quantity Within Each Unit Package:

1.000 gallons

Specific Usage Design:

Protects steel and other metals, masonry, concrete, wood, and other substrates from hostile weather environments

Rated Drying Time:

2.000 hours

Special Features:

Water based, low voc, non-flammable, corrosion control

Color:

Tan

Material:

Rubber latex

Reference Number Differentiating Characteristics:

As differentiated by extra long reference number

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A536d0
