| Application Type:                                                                                 |
|---------------------------------------------------------------------------------------------------|
| Cold                                                                                              |
| Usage Design:                                                                                     |
| For preventing corrosion on metal surfaces and for use as a general purpose lubricant/penetrant   |
| Film Hardness Designation:                                                                        |
| Medium                                                                                            |
| Features Provided:                                                                                |
| Petrolatum base                                                                                   |
| Special Features:                                                                                 |
| Contains no ozone depleting substances; not to be used on running electrical equipment; flammable |
| Supplementary Features:                                                                           |
| Twelve 16 ounce aerosol cans                                                                      |
| Shelf Life:                                                                                       |
| N/a                                                                                               |
| Unit Of Measure:                                                                                  |
|                                                                                                   |
| Demilitarization:                                                                                 |
| No                                                                                                |
| Fiig:                                                                                             |
| A535w0                                                                                            |
|                                                                                                   |
