## Application Type:

Cold

## Usage Design:

For preventing corrosion on metal surfaces and for use as a general purpose lubricant/penetrant

## Film Hardness Designation:

Medium

### **Features Provided:**

Petrolatum base

#### **Special Features:**

Contains no ozone depleting substances

#### Supplementary Features:

Twelve 16 ounce refills

Shelf Life:

N/a

#### Unit Of Measure:

# --

Demilitarization:

No

Fiig:
