Physical Form:

Paste

Specific Usage Design:

For aircraft integral fuel tanks

Curing Method:

Air dried

Rated Working Time:

1/2 or 2 hours

Rated Drying Time:

Between 24.000 hours and 36.000 hours

Special Features:

Rated drying time at 77.0 degrees f

Color:

Brown

Material:

Rubber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A536d0
