Physical Form:

Paste

Curing Method:

Air dried

Rated Working Time:

2 hours

Features Provided:

Separate catalyst

Rated Drying Time:

36.000 hours

Special Features:

Temp range minus 65 degrees f to 275 degrees f; cure time 72 hours

Color:

Black

Material:

Resin synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A536d0
