Physical Form:

Liquid

Quantity Within Each Unit Package:

1.000 kilograms

Specific Usage Design:

For protecting equipment against chemical attack, corrosion and erosion

Features Provided:

Separate catalyst

Special Features:

Non-shrinking; 100 pct solids

Color:

Gray

Material:

Plastic epoxy

Supplementary Features:

1 kilogram kit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A536d0
