End Application:

Mrap - m-atv w/cs13 pop and sne; mrap buffalo mk2a2

Physical Form:

Liquid

Quantity Within Each Unit Package:

10.000 milliliters

Specific Usage Design:

Thread locking compound

Special Features:

Medium viscosity; medium strength; removable; anaerobic cure; for 1/4 to 3/4 in. Diameter fasteners

Color:

Blue

Material:

Plastic acrylic

Supplementary Features:

10 milliliter plastic squeeze bottle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A536d0
