**Application Type:**

Cold

**Usage Design:**

Used to protect trailers against corrosion

**Film Hardness Designation:**

Hard

**Special Features:**

Airless spray; solventborne, thixotropic, aluminum pigmented corrosion compound; dry film is firm and non-tacky; non-drip; no-prime; one coat; 1.0 liter capacitance

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A535w0
