Corrosion Preventive Compound - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/8030-01-540-8902

Application Type:
Cold
Usage Design:
Used to protect trailers against corrosion
Film Hardness Designation:
Hard
Special Features:
Airless spray; solventborne, thixotropic, aluminum pigmented corrosion compound; dry film is firm and non-tacky; non-drip; no-prime;
one coat; 1.0 liter capacitance
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
