Application Type:

Cold

Product Name:

Corrosion preventive compound, solvent cutback, cold-application

Special Features:

This specification covers solvent-dispersed corrosion preventive compounds that deposit thin, easily removable films after evaporation of solvent

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535w0

Mil-std (military Standard):

Mil-c-16173 spec.
