Chemically Treated Aluminum Corrosion Resistant Coating - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/8030-01-653-5460

Environmental Protection:
Acid fume
Model Number:
Bonderite m-cr 1201
Specificationial Handling Feature:
Corrosive
Product Name:
Aero chromate coating
Special Features:
Lock up when storing; non-flammable hazard may cause cancer; may cause allergies to skin avoid breathing vapors; wear protecting
gloves and clothing; chromic acid base; liquid state; application method: spray, brush, immersion
Color:
Tan
Material:
Aluminum
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
No
Fiig:
A23900
