**Physical Form:**

Liquid

**Quantity Within Each Unit Package:**

1.000 pints

**Specific Usage Design:**

For use on nuclear propulsion plants

**Criticality Code Justification:**

Feat

**Special Features:**

In accordance with navships systems command code 08 individual repair parts ordering data

**Material:**

Rubber butadiene-acrylonitrile class nbr

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A535p0
