Physical Form:

Liquid

Quantity Within Each Unit Package:

1 quart resin and 1 quart activator

Specific Usage Design:

Electronic applications

Features Provided:

Separate catalyst

Special Features:

Drying time varies w/mix ratio and temperature; mix ratios can be varied to obtain desired results

Color:

Brown and gray

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535p0
