Physical Form:

Liquid

Quantity Within Each Unit Package:

1.000 pints

Usage Design:

For promoting adhesion of one-part alcohol cure and two-part condensation cure silicone adhesives/sealants to most metals, glass and ceramics

Extra Long Reference Number:

Pr-1204 rtv prime coat (clear) 1pt

Special Features:

Naptha solvent base

Color:

Clear

Supplementary Features:

1 pint can

Reference Number Differentiating Characteristics:

As differentiated by extra long reference number

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A535p0
