Physical Form:	
- Hydrour Form:	
Film	
Specific Usage Design:	
Used to texture the surface of a composite laminate	
Curing Method:	
Heat	
Product Name:	
Non-coated peel plies	
Special Features:	
After removing the peel ply the surface accommodates secondary bonding or painting of the co	emposite laminate. This product is scoured and
heat set to remove contaminates and reduce shrinkage	
Color:	
White	
Material:	
Plastic polyester	
Special Test Features:	
recommended use temperature is 400 deg	
Shelf Life:	
N/a	
Unit Of Measure:	
Demilitarization:	
No	
Fiig:	
A535p0
