Physical Form:

Liquid

Quantity Within Each Unit Package:

5.000 gallons

Specific Usage Design:

For bonding and reinforcing crushed honeycomb core

Special Features:

Elevated temperature cure; store at 40 degrees f or below

Color:

Green

Material:

Resin elastomer

Supplementary Features:

5 gallon can

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535p0
