Temperature Rating:

70.0 degrees celsius

Specific Usage Design:

For bonding thermofit shielded molded parts to connectors and backshell fittings, braids, and other conductive substrates

Special Features:

Hot melt; highly conductive

Color:

Tan

Material:

Plastic

Supplementary Features:

Ten 15 cm x 1 cm tape strips

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535p0
