**Physical Form:**

Liquid

**Quantity Within Each Unit Package:**

30.000 milliliters

**Specific Usage Design:**

Structural adhesive for bonding steel, aluminum and glass surfaces

**Rated Drying Time:**

2.000 minutes

**Special Features:**

Uv light or heat cure

**Color:**

Amber

**Material:**

Plastic acrylic

**Supplementary Features:**

30 milliliter syringe

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A535p0
