| Physical Form: |
|---|
| Liquid |
| Quantity Within Each Unit Package: |
| 20.000 grams |
| Specific Usage Design: |
| For bonding metal, plastic and elastomeric materials; specifically formulated for difficult to bond substrates |
| Rated Drying Time: |
| 20.000 seconds |
| Special Features: |
| Ethyl cyanoacrylate; low viscosity; service temperature range of minus 65 degrees f to plus 180 degrees f; 24 hour full cure time |
| Color: |
| Clear |
| Material: |
| Plastic |
| Supplementary Features: |
| 20 gram bottle |
| Shelf Life: |
| N/a |
| Unit Of Measure: |
| |
| Demilitarization: |
| No |
| Fiig: |
| A535p0 |
| |
