**Physical Form:**

Liquid

**Quantity Within Each Unit Package:**

1.000 gallons

**Specific Usage Design:**

For bonding semiconductors to heat sinks

**Special Features:**

Resin only; thermally conductive; electrically insulating

**Color:**

Black

**Material:**

Plastic epoxy

**Supplementary Features:**

1 gallon can

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A535p0
