Physical Form:

Liquid

Quantity Within Each Unit Package:

8.000 ounces

Usage Design:

For promoting adhesion of room temperature vulcanizing silicones to various substrates

Special Features:

Polymeric solution; moisture curing; color changes to pink when cured

Color:

Green

Supplementary Features:

8 ounce can

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535p0
