Physical Form:

Film

Specific Usage Design:

For bonding metal to metal and composites

Rated Drying Time:

0.500 hours

Special Features:

Supported; 0.03 psf weight; cures at 350 degrees f; must be shipped and stored at 0 degrees f or below

Color:

Blue and green

Material:

Plastic epoxy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535p0
