Physical Form:
•
Paste
Quantity Within Each Unit Package:
50.000 milliliters
Specific Usage Design:
Structural adhesive for aerospace bonding applications including potting, filling and liquid shimming
Content Within Each Unit Package:
Consists of 1 ea9394 50ml adhesive cartridge, 2 mixers, 1 epsg 50 dispenser and 1 epsg plunger
Features Provided:
Separate catalyst
Special Features:
Room temperature cure; maintains strength at temperatures up to 350 degrees f
Color:
Gray
Material:
Plastic epoxy
Supplementary Features:
50 milliliter kit
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A535p0
