**Physical Form:**

Liquid

**Special Features:**

Consists of toluene, hexane, polychloroprene rubber, calcium carbonate, boiling point 149 degrees f; vapor density 3.1; auto ignition temperature 510 degrees f; extinguish media co2, foam dry chemical

**Color:**

Black

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A535p0
