End Application:

F-22 aircraft

Physical Form:

Paste

Specific Usage Design:

Aircraft jet engine vane potting and damping

Curing Method:

Heat

Features Provided:

Separate catalyst

Rated Drying Time:

16.000 hours

Product Name:

Rhodorsil v-612

Special Features:

V-612 is a black thixotropic two part component, addition cure aerospace sealant

Color:

Black

Material:

Rubber

Supplementary Features:

Rated drying time at 75 degrees plus 1 hr at 300 deg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A535p0
