Physical Form:
Liquid
Quantity Within Each Unit Package:
3.000 grams
Specific Usage Design:
For general purpose rapid bonding of metals, plastics and rubbers in non-structural applications
Special Features:
Ethyl cyanoacrylate; low viscosity
Color:
Clear
Material:
Plastic
Supplementary Features:
3 gram tube
Specification Or Standard:
2 type and 1 class
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A535p0
