**Storage Temperature Range:**

+60.0/+80.0 degrees fahrenheit

**Component Quantity:**

130

**Document Type:**

Technical bulletin

**Approximate Shelf Life:**

2.0 years

**Document Identification:**

60-9700-0053-9

**Product Name:**

Coating repair kit

**Special Features:**

Coating repair for applications in aerospace, marine, transportation and electronics

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23800
