Physical Form:

Paste

Product Name:

Thixotropic paste

Special Features:

Liquid curing agent; cure 5 to 7 days at 25 degrees celsius or 1 hour at 93 degrees celsius; 40 minute pot life 3 months at 25 degrees celsius or 1year at 4 degrees celsius; minus 0.2 17 degrees celsius to plus 177.0 degrees celsius service temperature

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535p0
