**Physical Form:**

Paste

**Product Name:**

Thixotropic paste

**Special Features:**

Liquid curing agent; cure 5 to 7 days at 25 degrees celsius or 1 hour at 93 degrees celsius; 40 minute pot life 3 months at 25 degrees celsius or 1year at 4 degrees celsius; minus 0.2 17 degrees celsius to plus 177.0 degrees celsius service temperature

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A535p0
