Specific Usage Design:

Repairing composite aircraft components

Curing Method:

Heat

Rated Drying Time:

2.000 hours

Special Features:

Low-viscosity epoxy with a 90-min work life and good mechanical strength, qualified to asna 4047 155b

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535p0
