Physical Form:

Liquid

Quantity Within Each Unit Package:

3.000 grams

Usage Design:

For promoting adhesion of dapco 2200 silicone adhesive/sealant to rubber substrates

Minimum Flash Point:

45.0 degrees fahrenheit

Special Features:

Ethyl silicate

Color:

Yellow

Supplementary Features:

3 gram vial

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535p0
