**End Application:**

Adhesive

**Physical Form:**

Paste

**Curing Method:**

Air dried

**Product Name:**

Hysol ea 960f, epoxy adhesive paste

**Special Features:**

Adherents are 2024-t3 bare aluminum fpl etched per astm d2651-90

**Color:**

Red

**Material:**

Resin epoxy

**Special Test Features:**

Tensil lap shear strength tested per astm d 1002 after curing for 24 hours at 77 degree fahrenheit or 25 degree celsius

**Supplementary Features:**

Requires mixing of two componets together just prior to application

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A535p0
