End Application:

Adhesive

Physical Form:

Paste

Curing Method:

Air dried

Product Name:

Hysol ea 960f, epoxy adhesive paste

Special Features:

Adherents are 2024-t3 bare aluminum fpl etched per astm d2651-90

Color:

Red

Material:

Resin epoxy

Special Test Features:

Tensile lap shear strength tested per astm d 1002 after curing for 24 hours at 77 degree fahrenheit or 25 degree celsius

Supplementary Features:

Requires mixing of two componets together just prior to application

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535p0
