End Application:

United kingdom armed services

Curing Method:

Air dried

Product Name:

Adhesive, silicone rubber

Special Features:

Hardness shore a 20-35 minimum-; elongation 300% ; tear resistance, die b, 20 lbf/in; linear shrinkage 1.5% ; tack free time, thin film, 1 hour ; tensile strength 150 lbf/in

Color:

Colorless

Material:

Rubber silicone

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A535p0
