Physical Form:

Liquid

Quantity Within Each Unit Package:

30.000 milliliters

Specific Usage Design:

Structural adhesive for thin film bonding applications

Special Features:

High strength; moisture resistant

Color:

Amber

Material:

Plastic acrylic

Supplementary Features:

30 milliliter syringe

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535p0
