Tempurature Rating:

177.0 degrees celsius

Physical Form:

Stick

Specific Usage Design:

Industrial structural strengthening

Curing Method:

Heat

Product Name:

3m scotch-weld hot melt adhesive

Special Features:

5/8 x 8 inches; bead open time 45 sec; 11 lb container

Color:

Off-white

Material:

Plastic polyurethane

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535p0
