Special Features:

Amine cured; liquid; for formulating filled compounds for various structural applications, including bonding, electrical encapsulating, tooling, flooring and most common construction uses; low molecular weight; low foaming; resistant to filler settling

Supplementary Features:

(1) 5 oz. Tube steel, (1) 5 oz. Tube hardener

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A535p0
