Overall Height:

6.000 inches

Overall Width:

9.000 inches

Environmental Protection:

Bacteria resistant and humidity resistant and leak resistant and odor and waterproof

End Application:

Hazardous material and biological waste

Material And Location:

Plastic, vinyl chloride sixth wall

Special Features:

Patented certified - zip-lock, 100 percent airtight, odor proof, biohazard hermetically sealed, strong 6mm film, under depth pressure exceeding 60 meters / 200 feet, 2 weeks life span; cold-crack temperature rating - -40 degrees f.; flexible; reusable, recyclable, gusset bottom

Color:

Clear

Style Designator:

Flat with ziplock closure

Supplementary Features:

3 per pack

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11100
