Overall Length:

4.5 inches

Overall Height:

6.5 inches

Overall Width:

0.75 inches

Environmental Protection:

Water resistant

Assembly Method:

Stitching

Material And Location:

Nylon first wall and plastic, polyurethane second wall

Opening Location:

Top

Handling Device And Quantity:

1 handle

Reinforcement Location:

Seams

Pocket Characteristics And Quantity:

1 external patch and 6 internal partition

Product Name:

Organizer, pocket mini

Special Features:

Material-1050-denier light-weight ballistic nylon, high strength zippers& tracks, triple polyurethae coated, internal seams taped and finished

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11100
