Inside Diameter:

Between 25.000 inches and 27.000 inches

Outside Diameter:

Between 32.000 inches and 36.000 inches

Handling Facility Type:

Fixed external handles

Inside Depth:

37.000 inches

Outside Height:

47.000 inches

Closure Method:

Removable cover

Capacity Rating:

95.0 gallons

Handling Facility Location:

Top half of sides

Spout:

Not included

Internal Agitator:

Not included

Reusability Feature:

Reusable

Product Name:

Wheeled overpack, salvage drum

Material:

Plastic, polyethylene

Material:

Plastic polyethylene

Quantity:

1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-d
